## Join the GREEN STUDLIFE 2025 ECO FESTIVAL! 🌍

Dear students and faculty members,

We invite you to actively participate in the GREEN STUDLIFE-2025 ecological festival organized by the Youth Affairs Committee at Kazakh National Agrarian Research University from April 5 to April 15, 2025! ♻️

This festival is an important event aimed at protecting the environment, where every student can contribute to preserving nature. During the festival, various interesting and useful activities focused on developing ecological awareness will take place.

◆ \*Main Events:\*

✓ \*05.04 – “Clean Land” Campaign\* 🌿

The university-wide "GREEN STUDLIFE-2025" eco-festival begins with ecological events at "Sharyn Canyon" and "Kolsai Lakes," as part of the "Clean Kazakhstan" ecological concept for 2024–2029. Students and organizers will engage in a nature cleanup and hold an educational session on environmental conservation.

✓ \*07.04 – “Join Us!” Empty Plastic Bottles Collection Contest\* ♻️

Plastic is one of the biggest threats to ecology. As part of this initiative, students will collect empty plastic bottles across the university campus, and active participants will receive special prizes.

✓ \*08.04 – Eco Hours at Faculties\* ☐

Interactive sessions titled "Nature is in Your Hands!" will be held at all faculties. Ecology experts and professors will share scientific principles of nature conservation, causes of environmental pollution, and solutions, along with fascinating facts.

✓ \*09.04 – “Ecology Through Cinema” Movie Night\* 🎬

Students will watch engaging and impactful films on ecological topics. Afterward, discussions will be organized to exchange ideas on ways to protect the environment.

✓ \*10.04 – Excursion to “ZooAlmaty”\* 🐾

Students will visit ZooAlmaty in Almaty and get acquainted with the animal world. This activity will help understand the importance of protecting wildlife and foster greater environmental responsibility.

✓ \*11.04 – “Step into Nature” Eco-Creativity Exhibition\* 🎨

Students' creative works on ecological themes will be showcased. The exhibition will include artworks made from recycled materials, nature-inspired paintings, and eco-projects.

✓ \*14.04 – “EcoPsychLOGIC: Conscious Attitude Towards Nature” Training\* □

This training combines ecology and psychology, explaining how to promote harmonious living with nature. Participants will learn ecological thinking, mindful consumption, and strengthening connections with the environment.

✓ \*15.04 – ECO FESTIVAL Closure\* 🎉

The closing ceremony of the festival will feature a summary of the events and a special concluding program.

★ \*Organizers:\*

◆ Youth Affairs Committee

🌱 \*Supporters:\*

✓ International Green and Sustainable Development Institute

✓ "Green Campus" Project

✓ "Green Office" Project

✓ Faculty of Agrobiology

✦ Don't miss this opportunity! Join us! 🌍💚
