Mamyrbayev O.J. graduated from the Faculty of Physics and Mathematics of Abai Almaty State University (now Abai Kazakh National Pedagogical University) in 2001.

In 2001-2002, he studied for a master's degree at the Kazakh National Pedagogical University. Abai majored in Computer Science and upon graduation was hired at the same university, where he worked as a senior lecturer.

In 2011, he entered the PhD program of K.I. Satpayev KazNTU.

Since 2012, he has worked part-time as a researcher at the Laboratory of "Analysis and Modeling of Information Processes" of the Institute of Information and Computing Technologies of the KN of the Ministry of Education and Science of the Republic of Kazakhstan in the grant financing project "Development of mathematical models, numerical methods and software complexes for identification and recognition of a synchronized stream of audio and graphic signals" (2012-2014).

In November 2014, he defended his dissertation for the degree of Doctor of PhD in the specialty 6D070300-Information systems on the topic "Kazakh soyleulerin tanudyn kopmodaldy zhuyesin kuru".

The results of scientific research were discussed at scientific seminars of the Department of Information Technology at the K.I. Satpayev Kazakh National Technical University, at the scientific seminar "Actual problems of Computer Science and Management" of the Institute of Information and Computing Technologies of the Ministry of Education and Science of the Republic of Kazakhstan.

Mamyrbayev O.J. participated in scientific seminars and conferences: The International Conference "20 years of informatization of the Republic of Kazakhstan: status, innovations, development management" (KazNTU named after K.I. Satpayev); International Conference "The 10th International Conference" (MUIT); International Scientific and Practical Conference "Innovative development of higher professional education: experience, problems and prospects" (Kyzylorda); International Scientific and practical Conference "Information and Telecommunication Technologies: education, science, practice" (KazNTU named after K.I. Satpayev).

Mamyrbayev O.Zh. is the author of more than 70 works, of which 29 were published in publications recommended by the Committee for Control in the Field of Education and Science of the Ministry of Education and Science of the Republic of Kazakhstan, 10 articles — in publications with a non-zero impact factor included in the Scopus database, 9 articles — in Russian publications recommended by the Higher Attestation Commission of the Russian Federation, 22 articles — in the collections of international scientific and practical conferences.
